My dear Sam.

Rec'd yr's of 25th ult. late on 31st ult. have been so on the qui vive - at Rhoecus that night and since at Washington that I have had no time or opportunity to write before & my time is short now. I had no idea that I should be so deeply drawn into this political campaign. Until this day I took about no business, not imperative, will be done. I want to see Cleveland beaten. Don't care much what else happens this time. His running mate is simply of no use to him. While Harrison is a handicap. No one feels any certainty of the result. I think it a good idea to issue notices as long as you can hold meetings; and that may continue for another month. I hope Hosking has arrived. I have read carefully what you say about Mr. Goodwin's views of those Green Mt. bonds. I did not suppose that Cornell was likely to err in the direction of acknowledging where it did not exist - however I believe he holds a good part of them. If the Goodwins continue to refuse to renew his bond on the whole property - what then? How

about these miners liens, which Church talks m.
are a lien on the property itself, and not a
personal debt simply of Connell -
Possibly the Co have a private understanding
with C. on a/c of Hodgell being cut out, with
no interest beyond his ownership, and
that even subject to these Miners claims.
It would be a satisfaction to get the Rock-
lake tunnel completed this fall, but I sup-
pose it is not vital
I think that the presence of those 3 men
on the contract work will be an advantage
Please don't use any cheque beyond that
one for $2000. without giving me early
notice. I need to get through certain
matters before I can arrange for the mine
I am very glad your damaged foot is doing
well -
All here as well as usual.
Your affy father
